# DIVIDERS

Keep the casino floors open with screen dividers purpose built to keep the public at a safe distance without compromising the enjoyment factor. Social distancing walling that blends into the surrounding environment instils confidence in your visitors and employees. It is crucial that these measures are put in place to ensure these venues remain open in the long term. The dividers can include graphics to suit your brand identity as well as coloured profile to provide a unique and custom appearance.

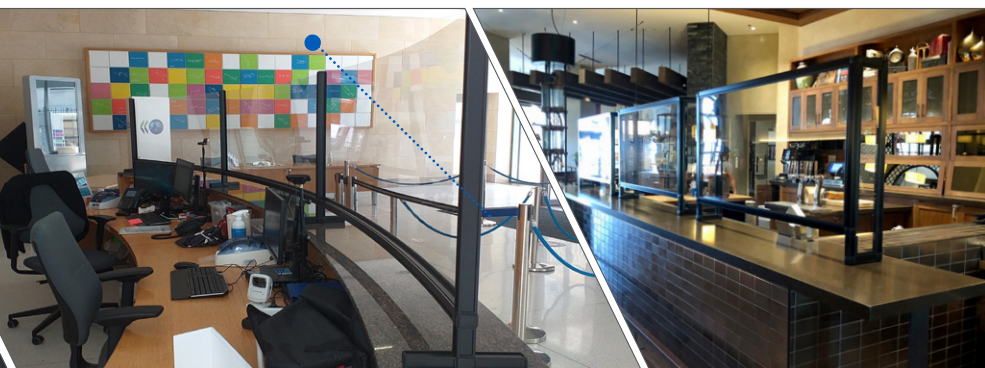

# SCREENS

We have a wide range of solutions available for hospitality protection designed specifically for restaurants, bars, registration desks and much more. Multiple connection options are available; purpose made clamps, adjustable feet, and graphic clamps for adhoc Perspex guards. T3Safeguard has the unique ability to offer **Custom curves** to follow the contours of existing structures blending seamlessly into casino arrangements.

# PARTITIONS

Partitions are a great way to keep customers safe as well as streamlining interactions. With T3 Systems partitions are sturdy and completely customizable making them the **perfect choice** for Casino's that include retail, restaurant and hotel spaces.

# QUEUE BARRIERS

Keep customers safe but ensure they stay at a safe distance when queuing at retail outlets, restrooms, hotel registrations and many more. Panels may be branded the include information or simply to suit your company's aesthetics. Our barriers are **completely modular** and can be customized on site to adapt to ever changing requirements.
